Hi there! I'm so excited you're here.

8th grade is full of growth, change and glimpses of who your child is becoming. It is the perfect time to pause....and capture them just as they are right now.....their personality, their smile...all those little things you never want to forget.

At **Amy Bulbrooke Photography**, my goal is to create a photo experience that is easy and fun! I will guide you through every step...from planing the session to choosing your finals images and photo products. Life is stressful and busy, let me help you preserve these memories forever!

Each session is customized to reflect your child's unique personality and interested. My goal is for them to walk away not just with beautiful images, but with a boost of confidence too.

Style Guide

WHAT TO WEAR

Choose outfits that reflect your personality and you feel comfortable in.

- Soft pastels, neutrals, and muted tones photograph beautifully, consider bright colors that compliment your skin tones.
 - Avoid logos, text, or bold patterns as they can be distracting. Avoid shirts with small stripes as sometimes they look strange in prints
 - Adding layers can add interest and can totally change the look of an outfit: denim jackets, cardigans, scarves, hats and jewelry.
- Tips by season:
- 🌸 Spring: flowy dresses, light denim, florals
 - ☀️ Summer: sundresses, shorts, tank tops
 - 🍂 Fall: cozy sweaters, boots, warm earth tones
 - ❄️ Winter: coats, knits, layered neutrals

HAIR & MAKEUP

- Keep it natural but polished — like your best self on a great day.
- Do your makeup a little more heavier than normal, some extra mascara or fake lashes make your eyes pop!
- Avoid new haircuts or colors just before your session.
- Bring a brush, blotting paper, and lip gloss for touch-ups.
- Don't forget about your nails! Light color polish or a french manicure is best.

ACCESSORIES & PROPS

Bring special items that tell your story!

Photoshoot tips

PRE-SHOOT PREP

- Practice poses in the mirror. It may seem silly but moving around will help you see which poses you like! It will also help you feel more comfortable in front of the camera. Pro tip, put on your favorite song and dance!
- Hydrate! Make sure you drink a lot of water the day before and off your session.
- Get a good night's rest! You don't want dark circles under your eyes!
- Give yourself enough time to get ready, so you don't feel rushed and stressed out!
- Remember my pro tip about listening to music!
- Make sure you eat the day of your session so you aren't hungry but don't eat a large meal or too close to your session time.
- Reach out to me with poses you love on your Pinterest board or other places or ask me questions, you can always shoot me a text! You can never have enough ideas and it is good that we are on the same page before the session!
